FARMVILLE.

Our new electric plant cost some $35,000 but the money was well spent. The plant is up-to-date in every feature and the service is fine. There are some 2,000 lights furnished to our homes, schools, churches, etc and 35 to our streets. Of this number the Normal School takes from six to eight hundred and the new Methodist church will require some 150. On the subject of electricity I am reminded that Eddison says it is yet in its infancy.

I can remember the time when there was but one pleasure horse in Farmville and now their "name is legion."

The "Knights of the Grip" make things lively about our hotels.

A wedding party took dinner at the Randolph House recently and the spread is said to have been superb.

Dr. John Hamlet and Mr. H. C. Crute are having a cottage home built just outside the western limits of our town, not far from their dog kennel and will no doubt occupy it during the hunting season. Reynard will soon be on the run and the pack close on his heels.

"Bob" Miller goes to the dispensary each morning, collects the receipts of the previous day and deposits a good bunch of money in bank. One day in the First National and the next in the Planters.

Dr. Messenger and family now occupy their new home and it is one of the most attractive in town, much of which is due to his artistic skill.

Dr. Jarman's family have all returned from a protracted visit in Tennesse and they too are in their new home, which is one of the handsomest in our town.

The death of Frank Watkins McKinney came as a shock and grief to his many friends in all this section. He was a lovable man and even his "faults leaned to virtue's side." Peace to his ashes.

Mr. Warren Wall is the only boy at the University this session, from our home town, and he took his A. B. at Hampden Sidney last session, will give two years to academic work at the University and then two to the law. He will no doubt make good use of his splendid opportunities.

The rains of the early October days came as a great surprise to us though Hicks told us to "look out" and now chuckles as he says, "I told you so."

The increase in our mail matter 'is out of sight' and this makes the postmastership a coveted prize. Farmville is as much entitled to a postoffice building as is Martinsville, and my hope is that Mr. Lassiter will see to it that we get one.

It is gratifying to his host of friends to see Mr. W. H. Ewing, our worthy townsman, at his post again, after a protracted illness.

When the court adjourns and Judge Watkins returns to farm life he bears much of the appearance of the "hay seed," the "noblest Romans of them all."

The Y. M. C. A. does'nt flourish in Farmville. Too many homes for young men to be without home circles.

Prince Edward, so far as heard from, will not be represented at the Jamestown Exposition, and this will amount to a calamity.

Duncan, the veteran hack driver between this place and Hampden Sidney, is beginning to appreciate the macadam as he did not in July. In July he regrets with us that a parallel dirt road was not made at the time of the building of the rock-y way. For at least seven months in a year there is no better road than a well kept Virginia dirt road.

Our apple crop in all this section is a failure this season, and I imagine, will continue to be a failure so long as the owners of our orchards fail to take proper care of them. Since Adam and Eve were driven from the garden briars, and thistles, have been making a determined fight upon the crops upon which man and beast must feed, and the war goes on with undiminished force and fury.

Mr. Lassiter is having a quiet canvass of it. The voters of the 4th District may forget when election day comes. Freedom from political unrest is a positive benediction, especially to the people of this part of Virginia, where in years gone by political projects were indeed dark to white people. What a splendid struggle that by which conditions were so brightened.

We prick up our ears at every mention of the "Air Line Railway" and hope yet to hear the whistle of its incoming and outgoing trains.

Our leading farmers are Association men and this means the venture ought to succeed.

I am going to watch with interest Richmond's report on the free ticket scheme of her merchants. West Appomattox and Farmville should inaugurate a counter scheme. Competition is the life of trade" and never was it so sharp as now. Merchants are selling as never before and never were profits so meagre. To provide for one's family now-a-days, and have a surplus is true of but few business men. Buying close and selling close are the features of the trade of today. The Roosevelt prosperity is a "delusion and a snare." Democrats ought to be too smart to be caught by it.

Soda water and straw hats have been put into 'cold storage,' but Coca Cola claims all seasons as its own.

'Ned' Crenbert is the veteran dry goods merchant of Farmville and an expert at the business.

Breaks the Record.

The Blackstone school for girls will break the record the present session. From the beginning twelve years ago to the present time, there has been an increase every year. The enrollment in the boarding department the present session is about 300 and the total enrollment of boarders and day scholars will be at least 400. 100 more boarders could easily have been enrolled, but the Principal of the school will not take any boarders to live outside the building. Judged by the enrollment and the number of applicants rejected, the school is easily in the front rank in Virginia and in the South. The Principal is pushing the Carnegie fund, having secured $33,000 in good subscriptions, leaving less than $10,000 to be raised. Work is being rapidly pushed on the new $25,000 building and it is expected to have it under cover before winter sets in.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the

urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of her difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OXYDON OR

Obviates the use of poisonous drugs. It renders the entire system so naturally healthy that disease can find no lurking place. It rids the organism of disease, and at any reasonable stage effects a rapid, natural cure, regardless of the gravity or form of the disorder. Oxydonor compels the free absorption of oxygen through the lungs, which is not great, and with care it lasts a lifetime. It is made of aluminum, is ornamental, and is an instrument of simplest construction, making fatal mistakes impossible. It is made to last a lifetime. It is made especially for self-treatment by anyone. Thousands of families depend upon this superior method for good health. Write for descriptive book, containing many grateful reports from those who have tried and been cured themselves, mailed free to anyone.

John Clarke Turner, whose death at his home near Glenmore, was announced in last week's issue of this paper, was a bright intelligent man, one who was well informed on matters of public interest. He was of the old school, and while he took a lively interest in current events, he was also well versed in the past history of his country. Capt Turner was mentioned in connection with the appointment to the Judgeship of the county court and doubtless would have made a good officer, as he was a fine judge of law and served for a long time as one of the leading magistrates of this country.

The past week has brought the death of another intelligent resident, Miss Maria Fones died at her late home on the 25th inst. She was noted as a fine manager and since the death of her father and mother, has given such sound advice and displayed such capacity in managing home affairs as to be looked up to and consulted in all business affairs by her home people. Her word was as good as her bond, and by reading the papers she gained a knowledge of current happenings and affairs of moment, which coupled with a keen insight to what she saw and heard, rendered her capable of making herself interesting in conversation to a degree not often found among our country ladies.

Dr. Wm. M. Wade has been here several days of last week.

The case of Jones vs the Norfolk & Western Ry. Co. resulted in a mistrial or hung jury. This is the case in which Mr. L. D. Jones, Sr. and L. D. Jones, Jr. came near being killed by a train on the road of said Company, at a crossing near Farmville. The defendant co. took the jurymen on a special train to the scene of the accident, but the two men bruised and injured and the buggy smashed or demolished, were not to be seen as they were the day of the happening.

A writer in the News Leader from Sheppards says "our children are constantly asking us, papa why is it all the negro children are going to school while we have to stay home and work, with no school to go to? and we can only answer, the School Board only knows." and in another place the same writer speaks of the "Buckingham School Trust" and seems to infer that Buckingham county has more colored schools than the other counties in the State. I shall not go into a newspaper controversy, but I think these inferences and queries will not go unanswered by our intelligent and faithful school officers.

The High School here reports an average attendance for the 1st month of 46 pupils.

A card to the Clerk of the county school board states that the warrant books for use by clerks of district schools, will be sent to the Division Superintendent and by him furnished to the district clerks, free of cost to the district school boards. This is another new feature inaugurated by the present State Board.

Slate River was too high to be crossed on the bridges here on Saturday and the weather continueing wet after the freshet had evaded the corn so long, a great deal of grain is spoiled, while corn in shocks on high land is in bad condition. James River was also very high and we had no mail from Richmond on Saturday and the carrier from here to meet the Farmville mail could not cross at Rock Mill.

Dr. G. L. Morris and Mr. Wm. P. Ellis were on the sick list last week.

Supervisor Guthrie came to a called meeting of the Board on Saturday but there was no quorum.

Dr. J. B. Nowlin after a pleasant visit of ten days to Lynchburg has returned to his home here and resumed practice.

Wert.

The excessive rains have greatly retarded the farmers in seeding wheat and it will be late before the crop is seeded.

The Chestnut Grove school has opened with Mrs. M. L. Wood, teacher. It was proposed to unite this with the Forbes school and erect a modern school building at some point most accessible to all the children so as to have a good school. But there was such strong opposition on the part of the patrons of the Chestnut Grove school, claiming there were thirty scholars in close proximity of that school the plan to unite the schools was abondoned.

Mr. Samuel Wheeler, one of our most highly respected citizens, died at his home on Sunday morning the 14th, of a complication of diseases. He had been in bad health for a number of years but was confined to his room only a short time. He was a member of Bethel Methodist Church and a member of Andersonville Lodge of Masons. The funeral services were conducted by his pastor and the remains enterred with masonic honors. There is left a widow, two daughters and one son to mourn their loss.

Mr. A. A. Morris, and his daughter Miss Rhoda have moved to his son's, to spend the rest of his life. It was impossible for him to remain at his home on account of his advanced age and the scarcity of labor. Mr. Morris will celebrate his 89th birthday this week, being one of our oldest citizens. It is reported that he has conveyed his entire estate worth something over $3,000 to his son, Mr. C. J. Morris, to take care of him and his daughter the remainder of their life.

We are glad to state that Mrs. Laura Berch, is recovering from a severe illness, under the treatment of Dr. Morris.

Several farms in this section are quarantined on account of the cattle tick, but every effort is being made to exterminate them.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other dangerous diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: I firmly believe it to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me.

Bent Creek.

Some of our oldest citizens say that the week just passed had some of the coldest nights they ever felt in October. The weather is lovely though for the seeding of wheat and the farmers are taking advantage of it. There has been very little corn gathered as yet and the most of it in this section lies exposed to high water.

Mrs. Nannie Turner returned to her home in Lynchburg after a pleasant visit of two weeks with her parents here.

Miss Alma Beal, of Scottsville and Mr. T. J. Goodwin, of Appomattox, were married at the bride's home on the 2nd. The writer has been unable to learn the particulars even at this late hour. They have the best wishes of a host of friends.

Miss Effie Wingfield, of Charlotte county is teaching the Tower Hill school. The Bent Creek school was assigned to a Miss Clarke, who failed to secure board and consequently the school is left out. If it keeps on in this way there will have to be an extra room attached to the school building and fitted up so the teacher can board herself during the school term.

Mr. Fleming Gooch is dead.

Mrs. John Burks is ill at her home near here. Her friends, as well as her relatives, are anxious about her as she is universally popular.

Mrs. C. W. Phelps expects to go to Lynchburg this week for fall goods.

What has become of the West Buckingham correspondent, also Mrs. Lucy Lighthead. We would be glad to hear fro m them.

We wish for the TIMES much success in its new quarters, and for myself more news next time.

Spring Mills.

Autumn is with us again and with its return comes the various and urgent duties of the season.

Our farmers are busy sowing wheat and some are preparing the soil for another crop. Corn shucking will be in progress soon and it seems that this is a very successful corn year.

The Falling River school is in progress and we are glad to say is doing well under the tutorship of Miss Mary Baily, of Charlotte Co. The sick ones are all out again. Miss Daisy Martin is still in Roanoke,

Miss Ava Morris, has resumed her work as governess in the family of Rev. Mr. Geo. Chockolett.

Five Forks.

Although news from this vicinity is scarce, I will try this morning to write a bit for your newsy columns.

The greatest rainfall and wind storm swept over this section Friday night.

Our Buckingham correspondent asked what the strange light was which was seen Saturday night about seven o'clock. It was a meteor. It started in the northwestern portion of the sky descending southward, apparently within a few yards of the ground and vanished.

Mrs. A. W. Chick and children, who have been spending several days with her sister, Mrs. R. T. Carter, have returned to their home near Farmville.

Little Elsie Lee Carter is sick.

Mr. George Abbitt, who spent Saturday and Sunday in the home of Mr. G. H. Covington, returned home Monday accompanied by his sister, Mrs. Covington, who will spend several days with her parents near Vera.

Appomattox Schools.

The following report from Supt. Hannah shows the schools of the county to be in fair working order. The list for Clover Hill was published some weeks ago by Clerk Watkins. We hope the people in each school district will not rest until a school is placed in reach of every child in Appomattox county.

DROPS

CURES RHEUMATISM LUMBAGO, SCIATICA NEURALGIA and KIDNEY TROUBLE

"5 DROPS" taken internally, cuts the blood of the poisonous matter and acids which are the direct cause of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, thereby removing the cause and restoring it from the system.

DR. S. D. BLAND

Of Newton, Ga., writes:

"I had been a sufferer for a number of years with rheumatism and this remedy has done me more good than all the medicine I ever took. I have given it a fair test and can say with a candor of the best physician, but found in the land, that it is the best remedy for rheumatism and kindred diseases."

Large Size Bottle "5 DROPS" (200 Doses) $1.00, sent by express on receipt of price.

SWANSON RHEUMATIC CURE COMPANY, Dept. 20, 150 Lake Street, Chicago.

FREE

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "5-DROPS," and test it yourself.

"5-DROPS" can be used by people of all ages without acquiring a "drug habit," as it contains no opium, morphine, strychnine, laudanum, and other similar narcotics.
